

Unlocking every students' potential

Technology and solutions that inspire and engage.

HP commits to enabling better learning outcomes for 100 million people by 2025.

Whether learning from home or in the classroom, HP education solutions offer content, curricula, and collaboration tools to unlock the potential of every student.

School leaders value the technology innovation and blended learning approaches enabled by HP Education Solutions.

IT administrators have peace of mind knowing that students will be using devices rugged enough for rigorous use with long-lasting batteries.

Teachers are empowered to create collaborative instructional environments that engage students at all levels while keeping the class on task.

Students love using the latest technology that reflects their life outside of school and adapts to a variety of learning activities.

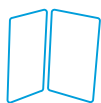

Multimodal learning

There's more than one way to learn. That's why our devices come with five different learning modes for tailor-made educational experiences.

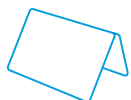

TABLET-MODE:

For reading, note-taking, or marking up texts.

BOOK MODE¹⁰:

For reading and editing texts.

TENT MODE:

For presenting, watching videos, or making video calls.

CLAMSHELL MODE:

For creating or editing content and taking notes.

STAND MODE:

For presentations, watching videos, and making video calls.

Designed and built tough. Tested to higher standards.

Education has become more hands-on and requires a more rugged and durable device. Therefore, HP Education Edition notebooks undergo MIL-STD³-810H testing and are further tested in an environment that simulates a classroom.

DROP TESTED⁴:

Drop tested to 122 cm higher than most desks.

SPILL-RESISTANT KEYS²:

Safe against minor spills of up to 350 ml.

PICK RESILIENT KEYS:

Anchored keyboard design prevents keys from being removed.

ULTRADURABLE SCREENS:

Comes with an extra-sturdy Corning® Gorilla® Glass 3 screen.

PROMOTE CLEANLINESS:

All keyboards & touchscreens on x360 used in HP Education notebooks are designed to be wiped down using commonly available household disinfecting & cleaning wipes.¹

Education Devices for Students and Teachers

Visit hp.com/education for additional devices

**ProBook x360 11 G5 & G6
Education Edition**

STUDENT DEVICE

Inspire limitless learning with a notebook that easily flips and folds and enable students to move quickly between writing documents, running simulations, and editing videos.

- Windows 10 Pro⁵
- Intel® processor⁶
- 11" diagonal screen
- HP Privacy Camera

STUDENT DEVICE

Empower students with personalized interactive, cloud-based learning on a flexible, durable chassis that supports learning, the way they want.

- Chrome OS
- Intel® processor⁶
- 11" diagonal screen
- 360° adjustability into four modes

**HP Chromebook x360 11 G3
Education Edition**

HP ProBook x360 435 G7

TEACHER DEVICE

Power, security, and durability, packed in a versatile 360° design that adapts to the way educators and students work.

- Windows 10 Pro⁵
- AMD processor⁸
- 13.3" diagonal screen
- Optional HP Sure View Gen3⁷

EDUCATOR & STUDENT DEVICE

Seize your day with a durable, large-screen Chromebook for educators and students.

- Chrome OS
- Intel® processor⁶
- 14" diagonal screen
- Optional HP Privacy Camera⁹

HP Chromebook 14 G6

HP School Pack

An out-of-the-box solution enabling teaching and learning.

HP is much more than just a PC technology vendor. HP offers a comprehensive range of devices – PCs, printers, workstations, monitors, and desktops – plus a wide range of solutions and services. Visit hp.com/hpeducation to learn more or ask your HP sales representative.

¹ The keyboards and glass touchscreens of the HP Education portfolio x360 products have been tested to 1,000 wipes to be cleaned with Windex® Original Glass & Surface Wipes and Clorox® Disinfecting Wipes with EPA Registration Number 5813-79. Do not use wipes on other surfaces of the product. See user guide for cleaning instructions.

² Testing was done using up to 350 ml of water carefully and slowly poured between keys “G” and “H” under lab conditions. Test results are not a guarantee of future performance under these test conditions. Any accidental damage requires an optional HP Accidental Damage Protection Care Pack.

³ HP Total Test Process testing and MIL-STD test results are not a guarantee of future performance under these test conditions. MIL-STD-810G testing is conducted on select HP products. Testing is not intended to demonstrate fitness of U.S. Department of Defense (DoD) contract requirements or for military use. Test results are not a guarantee of future performance under these test conditions. Accidental damage requires an optional HP Accidental Damage Protection Care Pack.

⁴ Drop test is not a guarantee of future performance under these test conditions. Any accidental damage requires an optional HP Accidental Damage Protection Care Pack. 122 cm test on plywood and 76 cm test on concrete.

⁵ Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers, software or BIOS update to take full advantage of Windows functionality. Windows 10 is automatically updated, which is always enabled. ISP fees may apply and additional requirements may apply over time for updates. See <http://www.windows.com>.

⁶ Multicore is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Intel's numbering, branding, and/or naming is not a measurement of higher performance.

⁷ HP Sure View Gen3 integrated privacy screen is an optional feature that must be configured at purchase and is designed to function in landscape orientation.

⁸ Multicore is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. AMD's numbering is not a measurement of clock speed.

⁹ Optional feature that must be configured at the time of purchase.

¹⁰ Book mode only available in Windows Devices

¹¹ HP Classroom Manager for Teachers is required and sold separately for control and device locking from the teacher's console; no locking and control functionality originates from HP Classroom Manager for Student
